

Skydive Palau boogie April 2018

Background

In April 2013 Richard Grimm and Navot Bornovski organized a boogie in Palau, it was a first-class event and a major success. Many divers (SCUBA and SKY) who missed it then, can join us this time.

In April 2018, we offer a new concept of SCUBA/SKYDIVE boogie in Palau.

You will board Ocean Hunter 1 and Ocean Hunter 3 for a week of SCUBA diving and activities.

OCEAN HUNTER 3 – 16 divers

OCEAN HUNTER 1 – 6 divers

On day 6 at 4PM we will stop diving and off-gas for 36 hours prior to jumping from Cessna 182 and 206 from 10,000'-12,000'. Kayaking and Off Road trips will be offered on the 7th day of the expedition while we off-gas.

Non-Divers and Non-Jumper are welcome! We will offer Tandem jump and Intro dive for those who are interested and not certified.

Scuba dive trip is suitable for beginner, intermediate and advance divers, we start with easy dives and move on to more challenging dives as trip progresses.
